## Context

- Challenges of student access and success
- Disruption caused by the pandemic
- Positioning of teaching in higher education institutions
- Calls for curriculum renewal
- Rapid introduction of new technologies

## The role of AI

What we teach?

How we teach?

What are the  
risks?

What are the  
opportunities?

# Implications for academic development

Ethics and professionalism

Technology and digital competency

Questioning value

Rethinking assessment

## Impact on the teaching role

Agile

Scholarly

Ownership  
of  
Knowledge

Rethink the role of the teacher,  
technology, higher education  
institutions and knowledge
